

Ohio PERS

2012 Disability Activity Report

March 1, 2013

Ohio Public Employees Retirement System

March 1, 2013

Governor John Kasich
77 South High Street, 30th floor
Columbus, Ohio 43215-6108

Re: 2012 Disability Report

Dear Governor Kasich:

The Ohio Public Employees Retirement System (Ohio PERS) respectfully submits the 2012 Ohio PERS Disability Report to you, as required pursuant to Section 145.351 of the Ohio Revised Code. Ohio PERS provides a comprehensive retirement package for Ohio public employees. Our membership includes more than 348,000 active workers, over 465,000 inactive members and 199,863 benefit recipients representing over 1 million members. The retirement program offered by Ohio PERS assists public employers in attracting and retaining quality workers who perform essential public services.

Ohio PERS is the retirement system for public employees, including all state and local government employees – ranging from corrections officers to bridge designers, to mechanics, to judges, just to name a few. It was established in law by the Ohio Legislature and pre-dates Social Security. As such, it serves as our members primary means of retirement, disability and survivor benefits.

The disability program is an important part of the comprehensive Ohio PERS benefit package. For eligible members who become disabled to the extent that they are unable to perform the duties of their job, Ohio PERS administers two disability plans. Based on medical information provided by the member and an Ohio PERS-appointed medical examiner, an eligible member may qualify for disability benefits. In 2011, Ohio PERS paid out more than \$578 million in disability benefits and an additional \$406 million in health care benefits for disabled workers and their dependents. Final 2012 numbers are not yet available.

Since February 2011, OPERS has partnered with Managed Medical Review Organization in strengthening and aligning its standards with industry best practices. The initial efforts with this partnership resulted in variances in total disability report activity compared to previous years' reports.

As you will see represented in the data on the next page, the approval and denial numbers have increased for 2012 and we expect those numbers to level off in 2013.

(continued on next page)

Enclosure

KC

The Honorable Lynn Wachtmann, Chair

Senate State Oversight and Reform Committee

The Honorable David Burke, Chair

cc: Members, Ohio Retirement Study Council

Executive Director

Karen E. Carmaher

Karen E. Carmaher

Cordially,

not hesitate to contact me at 614-222-0011.

Enclosed is a complete disability activity report for 2012 arranged by employer. If you have any questions, please do

Under the new law, applications received after Jan. 7, 2013, will be reviewed under the "own occupation" definition of disability for the first three years of the benefit, however if a member is not engaged in rehabilitative services at the beginning of year four, they will be reviewed under an "any occupation" definition. Conversely, if they are engaged in rehabilitative services, we will continue to review the member under an "own occupation" definition up to five years. At the conclusion of year five, a disability recipient will be reevaluated under an "any occupation" standard, regardless of engagement in rehabilitative services. Law enforcement division members were exempted from evaluation under the "any occupation" standard. The legislative changes also include an offset for members who are also eligible to receive Social Security disability benefits. A more detailed summary of the legislative changes to the disability program are part of the supplemental materials included in this report.

Fundamental changes to the disability program were included in the recently passed pension legislation aimed at modernizing the program. The legislative changes include implementation of a case management program that would refocus the program on a member's capability to return to work.

- Total applications received: 1,462
- Total applications approved: 856
- Total applications non-compliant with review process: 1
- Total applications denied: 97
- Total employees still in process: 496
- Total applications still in process: 496
- Average % of recipients for all employees listed: 0.41%
- Total applications not eligible: 9
- Total applications withdrawn: 3

In summary, the disability report shows total activity in 2012 as follows:

TABLE OF CONTENTS

INTRODUCTION	1
COMMON FEATURES OF THE ORIGINAL AND REVISED DISABILITY PLANS	2
Original Plan – Disability Program Features	
Revised Plan – Disability Program Features	
STRATEGIC PLAN FOR DISABILITY PROGRAM	3
SUMMARY OF LEGISLATIVE CHANGES	3
SUMMARY OF DISABILITY ACTIVITY	5
2013 DISABILITY ACTIVITY REPORT - PROCESS AND EMPLOYER DATA	7

Ohio PERS members who participate in the Traditional Pension and Combined Plans* may be eligible for disability benefits under the original plan or the revised plan. Employees who had contributions on deposit with Ohio PERS prior to July 29, 1992, had a one-time opportunity to select coverage under one of these programs. Those employees hired on or after July 29, 1992, are covered only under the revised plan.

Ohio PERS members who participate in the Member-Directed Plan* are not eligible for disability benefits through Ohio PERS. Under the Member-Directed Plan, the vested portion of their individual account would be available through a refund after Ohio PERS-covered employment is terminated.

Common Features of the Original and Revised Disability Plans

All disability cases are subject to approval by the Ohio PERS Board of Trustees. Once approved, the disability benefit is effective on the first of the month following termination of public service or attainment of eligibility, whichever is later.

The disability benefit is payable for life or a specified period, but will terminate if a member:

- Is no longer disabled
- Returns to public service
- Elects to begin receiving an age and service retirement benefit
- Upon death
- Requests termination of benefits

It is important to note that the recent legislation has impacted a member's leave of absence periods in both original and revised plans. Ohio PERS will continue to certify to employers that the member is no longer incapable of returning to work, however it will be at varying times based on the member's application date. Any and all applications received on or after Jan. 7, 2013, will be considered on a leave of absence from their employers between three to five years, dependent on their engagement in rehabilitative services. Applications received on Jan. 4, 2013 or prior will be considered on leave of absence for five years.

When OPERS certifies that the member is no longer disabled, an employer should restore the member to the previous, or similar, position and salary unless he/she was dismissed or resigned in lieu of dismissal for dishonesty, misfeasance, malfeasance or conviction of a felony.

Members who return to public service and contribute to the Traditional Pension Plan for two years will receive service credit for the period of time a disability benefit was received, up to a maximum of five years.

A return to employment with a private employer may result in a re-examination to determine continued eligibility to receive disability benefits.

Health care coverage is effective the first of the month following the Ohio PERS Board's approval of the application, provided public service has terminated.

An annual cost-of-living adjustment is paid to members receiving disability benefits.

* OPERS offers eligible members a choice of three retirement plans—the Traditional Pension Plan (a defined benefit plan), the Member-Directed Plan (a defined contribution plan), and the Combined Plan (a hybrid defined benefit/defined contribution plan).

benefits paid.

When the revised disability benefit ends, members have the opportunity to apply for a refund of their account, which is not reduced by the amount of disability under the Traditional Pension Plan or to apply for a refund of their account, which is not reduced by the amount of disability

AGE AT EFFECTIVE DATE OF DISABILITY	PERIOD BENEFIT PAYABLE
Younger than 60	Until age 65
60-61	60 months
62-63	48 months
64-65	36 months
66-68	24 months
69 or older	12 months

benefit (see chart below)

The disability benefit is payable for only a definite period of time, depending on the member's age at the effective date of

- Application for disability may be filed at any age.
- Members must not be receiving a retirement benefit under any of the Ohio PERS retirement plans.
- In the event of a retirement plan change, one year has passed from the plan change effective date.
- Period the member was disabled and unable to file an application as proven by medical records.
- No more than two years have passed since contributing service has terminated, unless at the end of the two-year members from performing their job.
- Removal from payroll due to a presumably permanent disabling condition, either mental or physical, which prevents participation in the Traditional Pension or Combined Plan.
- At least 60 contributing months in the plan in which they are participating.
- Participation in the Traditional Pension or Combined Plan.

Eligibility requirements include:

Members with contributions on deposit after July 29, 1992, participate in the revised disability plan. For members in the law enforcement and public safety divisions of the Traditional Pension Plan who become disabled due to an on-duty illness or injury, disability coverage is available immediately after membership is established.

Eligibility

Revised Plan - Disability Program Features

- Application for disability must be filed before age 60.
- Members must not be receiving a retirement benefit under any of the Ohio PERS retirement plans.
- In the event of a retirement plan change, one year has passed from the plan change effective date.
- The member was disabled and unable to file an application as proven by medical records.
- No more than two years have passed since contributing service has terminated, unless at the end of the two-year period members from performing their job.
- Removal from payroll due to a presumably permanent disabling condition, either mental or physical, which prevents participation in the Traditional Pension or Combined Plan.
- At least 60 contributing months in the plan in which they are participating.
- Participation in the Traditional Pension or Combined Plan.

Eligibility requirements include:

To be eligible for benefits under the original disability program, members must have had contributions on deposit prior to July 29, 1992. For members in the law enforcement and public safety divisions of the Traditional Pension Plan who become disabled due to an on-duty illness or injury, disability coverage is available immediately after membership is established.

Eligibility

Original Plan - Disability Program Features

STRATEGIC PLAN FOR DISABILITY PROGRAM, AND SUMMARY OF LEGISLATIVE CHANGES

Strategic Plan for Disability Program

On Aug. 19, 2009, the OPERS Board of Trustees finalized its strategy to develop a disability program that features a well-balanced triad of three elements inclusive of: program design, administration and case management.

In February 2011, OPERS partnered with Managed Medical Review Organization to address program design and administration elements. The thrust of the work principally centered on aligning and strengthening programmatic standards with industry best practices. Early results indicate that this standardization has had positive impact. Initial data show marked differences with approval, denial, and appeal overturn rates compared to the 2010 program experience.

Data suggests that approval rates have declined by 6%, while denial rates have increased by 6%; furthermore, we have seen a 20% decline in Board appeal decisions being overturned. It is important to note this data only represents one year of experience and it is premature to draw final conclusions to all aforementioned data rates.

Continuing on OPERS' quest for a well-balanced program, in 2012 efforts have focused on the development of case management and preparing for implementation of all requisite provisions of Senate Bill 343.

Summary of Legislative Changes

Senate Bill 343 included changes to the OPERS disability program designed to modernize the program and refocus on a member's capability to return to work. Below is a summary of those changes.

Disability Program Changes

- Limits disability coverage to illnesses and injuries that occur before a member terminates employment, or illnesses and injuries resulting from the member's employment that become evident up to two years following termination of employment.
- Provides that disability coverage does not extend to illnesses or injuries resulting from elective cosmetic surgery other than reconstructive surgery.
- Rescinds a disability benefit that has been granted but has not yet commenced if the recipient returns to work for the same employer in the same position (or a position with similar duties) as the one held at the time the disability benefit was granted.
- Maintains the current "own occupation" disability standard for granting or reevaluating a disability benefit under specified conditions and, for individuals who submit a disability application on or after Jan. 7, 2013, establishes a new "any occupation" standard for reevaluating whether a member continues to be disabled after a specified period of years.
- Provides that, for joint disability benefits with the State Teachers Retirement System (STRS) and School Employees Retirement System (SERS), the retirement system calculating and paying the benefit will conduct the disability examination.
- For individuals who submit a disability application on or after Jan. 7, 2013, reduces the period during which a disability recipient retains his or her membership status and is considered to be on a leave of absence from five years to three years unless the recipient is receiving rehabilitative services acceptable to the OPERS Board.
- Specifies that if a disability recipient returns to contributing service for two years under OPERS, STRS, or SERS, the recipient will be entitled to receive a maximum of five years of service credit for the period the recipient was receiving a disability benefit.
- Requires individuals who submit a disability application on or after Jan. 7, 2013, and who are eligible to receive Social Security Disability Insurance (SSDI,) to apply for SSDI and, if granted, requires a reduction of the individual's disability benefit if the total of the benefit and the SSDI payment exceeds the individual's inflation-adjusted final average salary.
- Causes forfeiture of the right to receive a disability benefit if a court determines that a disability was caused by the commission of a felony.
