- STRS Ohio contacts each company on the restricted company list each year to solicit a formal explanation of the company's operations in Iran and/or Sudan, and to encourage the company to cease these operations.
- STRS Ohio will continue to pursue divestment of restricted companies subject to the Board's fiduciary responsibilities set forth in O.R.C. 3307.15 (A) and when a substitute investment with similar quality, return and safety can be identified.

¹ None of the retirement boards had an active Iran/Sudan divestment policy in 2007. 2007 serves as the baseline to measure changes.
