When such payment has been made by all such employee-members, a corresponding payment shall be paid into the employers' accumulation fund by that municipal corporation as the employer of such employees.

(3) Where a member is also a member of the state teachers retirement system or the school employees retirement system, or both, except in cases of retirement on a combined basis pursuant to section 145.37 of the Revised Code, service credit for any period shall be credited on the basis of the ratio that contributions to public employees retirement system bears to total contribution in all state retirement systems.

In any year subsequent to 1934, credit for any service shall be allowed by the following formula:

(a) For each month for which the member's earnable salary is two hundred fifty dollars or more, allow one month's credit.

(b) For each month for which the member's earnable salary is less than two hundred fifty dollars, allow a fraction of a month's credit. The numerator of this fraction shall be the earnable salary during the month, and the denominator shall be two hundred fifty dollars; except that if his annual earnable salary is less than six hundred dollars, the member's credit shall not be reduced below twenty per cent of a year for a calendar year of employment during which he worked each month. This division shall not reduce any credit earned before January 1, 1985.

(2) Notwithstanding division (T)(1) of this section, an elected official who prior to January 1, 1980, was granted a full year of credit for each year of service as an elected official shall be considered to have earned a full year of credit for each year of service regardless of whether the service was full-time or part-time. At the member's request, the board shall compute the total additional amount the member would have contributed, or the amount by which each of his contributions would have increased, had he received the increased salary for the office he holds. If the member elects to have the amount by which his contribution would have increased withheld from his salary, he shall notify his employer, and the employer shall make the withholding and transmit it to the retirement system. A member who has not elected to have such amount withheld may elect at any time to make a payment to the retirement system equal to the additional amount his contribution would have increased, plus interest on such contribution, compounded annually at a rate established by the board and computed from the date on which the last contribution would have been withheld from his salary to the date of payment. A member may make a payment for part of the period for which the increased contribution was not withheld in which case the interest shall be computed from the date the last contribution would have been withheld for the period for which the payment is made. Upon the payment of the increased contributions as provided in this division, the increased annual salary as provided by law for the office for the period for which the member paid increased contributions thereon, shall be used in determining his earnable salary for the purpose of computing his "final average salary."
