

Exclusion from membership.

Sec. 3307.011. No "teacher," as defined in division (B) of section 3307.01, of the Revised Code, shall be excluded from membership in the state teachers retirement system because of membership in any other state retirement system, unless he is receiving a disability retirement allowance from such other retirement system.

Any unauthorized retirement contributions made by a teacher who is receiving a disability retirement allowance from another state retirement system, shall be returned to the teacher, and all service credit represented thereby shall thereupon be canceled.
