

Sec. 742.3711. (A) On application for retirement as provided in section 742.37 of the Revised Code, a member of the fund may elect to receive a retirement allowance payable throughout the member's life, or may elect, on the application for retirement, to receive the actuarial equivalent of the member's retirement allowance in a lesser amount payable for life and continuing after death to a surviving designated beneficiary under one of the following optional plans, provided the amount payable to the beneficiary shall not exceed the amount payable to the retiring member of the fund, and is certified by the actuary engaged by the board of trustees of the Ohio police and fire pension fund to be the actuarial equivalent of the member's retirement allowance and is approved by the board.

(1) Option 1. The member's lesser retirement allowance shall be paid for life to the sole beneficiary designated at the time of the member's retirement.

(2) Option 2. One-half or some other portion of the member's lesser retirement allowance shall be paid for life to the sole beneficiary designated at the time of the member's retirement.

(3) Option 3. Upon the member's death before the expiration of a certain period from the retirement date and elected by the member and approved by the retirement board, the member's lesser retirement allowance shall be continued for the remainder of that period to the beneficiary the member has nominated by written designation and filed with the retirement board.

Should the nominated beneficiary designated in writing become deceased prior to the expiration of the guarantee period, then for the purpose of completing payment for the remainder of the guarantee period, the present value of such payments shall be paid to the estate of the beneficiary last receiving.

(B)(1) On or after February 28, 1980, the death of a spouse nominated as beneficiary or the death of any other nominated beneficiary following retirement shall cancel any optional plan of payment to provide continuing lifetime benefits to such nominated beneficiary and return the member of the fund to the member's single lifetime benefit equivalent, as determined by the board, to be effective the month following receipt by the board of notice of the death.

(2) On divorce, annulment, or marriage dissolution, a member receiving a retirement allowance under a plan that provides for continuation of all or part of the allowance after death for the lifetime of the member's surviving spouse may, with the written consent of the spouse or pursuant to an order of the court with jurisdiction over the termination of the marriage, elect to cancel the plan and receive the member's single lifetime benefit equivalent as determined by the board. The election shall be made on a form provided by the board and shall be effective the month following its receipt by the board.

(C) Following marriage or remarriage, a member of the fund may elect not later than one year after the date of marriage or remarriage a new optional plan of payment based on the actuarial equivalent of the member's single lifetime benefit as determined by the board. The plan and the member's lesser retirement allowance shall become effective on the date the election is made on a form approved by the board.

(D)(1) Unless one of the following occurs, an application for retirement by a married person shall be considered an election of a benefit under option 2 as provided for in division (A)(2) of this section under which one-half of the lesser retirement allowance payable during the life of the retirant will be paid after death to the retirant's spouse for life as sole beneficiary:

(a) The retirant selects an optional plan under division (A) of this section providing for payment after death to the retirant's spouse for life as sole beneficiary of more than one-half of the lesser retirement allowance payable during the life of the retirant;

(b) The retirant submits to the retirement board a written statement signed by the spouse attesting that the spouse consents to the retirant's election to receive a single lifetime retirement allowance or a payment under an optional benefit plan under which after the death of the retirant the surviving spouse will receive less than one-half of the lesser retirement allowance payable during the life of the retirant.

(2) An application for retirement shall include an explanation of all of the following:

- (a) That, if the member is married, unless the spouse consents to another plan of payment, the member's retirement allowance will be paid under "option 2" and consist of the actuarial equivalent of the member's retirement allowance in a lesser amount payable for life and one-half of the lesser allowance continuing after death to the surviving spouse for the life of the spouse;
- (b) A description of the alternative plans of payment available with the consent of the spouse;
- (c) That the spouse may consent to another plan of payment and the procedure for giving consent;
- (d) That consent is irrevocable once notice of consent is filed with the board.

Consent shall be valid only if it is signed, in writing, and witnessed by an employee of the board or a notary public.

(3) If the retiree does not select an optional plan as described in division (D)(1)(a) of this section and the board does not receive the written statement provided for in division (D)(1)(b) of this section, it shall determine and pay the retirement allowance in accordance with division (A)(2) of this section, except that the board may provide by rule for waiver by the board of the statement and payment of the allowance other than in accordance with division (A)(2) of this section if the retiree is unable to obtain the statement due to absence or incapacity of the spouse or other cause specified by the board.

(E) A member of the fund who has elected an optional plan under this section or section 742.3715 of the Revised Code may, with the consent of the designated beneficiary, cancel the optional plan and receive the retirement allowance payable throughout life the member would have received had the member not elected the optional plan, if the member makes a request to cancel the optional plan not later than one year after the later of September 9, 1988, or the date on which the member first receives a payment under this section or section 742.3715 of the Revised Code. Cancellation of the optional plan shall be effective the month after acceptance of the request by the trustees of the fund. No payment or adjustment shall be made in the retirement allowance payable throughout the member's life to compensate for the lesser allowance the member received under the optional plan.

The request to cancel the optional plan shall be made on a form provided by the fund and shall be valid only if the completed form includes a signed statement of the designated beneficiary's

understanding of and consent to the cancellation. The signature shall be verified by the trustees of the fund prior to their acceptance of the cancellation.

(F) Any option elected and payments made under this section shall be in addition to any benefit payable under divisions (D), (E), and (F) of section 742.37 of the Revised Code.

(G) A person is eligible to receive a benefit increase under this division if the person is receiving a retirement allowance or benefit under an optional plan elected under this section or section 742.3715 of the Revised Code based on an award made prior to July 24, 1986. A person is not eligible to receive an increase under this division if the person is receiving a pension or benefit in accordance with rules in force on April 1, 1947, that govern the granting of pensions and benefits and that provide an increase in the original pension or benefit from time to time pursuant to changes in the salaries of active members.

~~On or before the fifteenth day of April of each year, the board shall determine the average percentage change in the consumer price index prepared by the United States bureau of labor statistics (U.S. city average for urban wage earners and clerical workers: "all items 1982-84=100") for the twelve-month period prior to the first day of January over the next preceding twelve-calendar-month period, as reported by the bureau. On a determination by the board that this change is an increase or that the change plus the accumulation described in this division is an increase, the board shall annually increase all benefits payable under this section or section 742.3715 of the Revised Code to eligible persons by the actuarial equivalent of an amount determined by multiplying twelve thousand three hundred sixty dollars by the percentage of the increase in the consumer price index, or that percentage plus the accumulation, except that the percentage shall not exceed three per cent and no benefit shall exceed the limit established by section 415 of the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 U.S.C.A. 415, as amended.~~

~~Any percentage of change in the consumer price index in any year that is in excess of three per cent shall be accumulated and used to determine increases under this section in succeeding years. Any percentage of change in the consumer price index accumulated by an eligible person prior to September 27, 1996, shall be used in determining any future increases under this section. The first~~
