### Year in Review-2020

Effective Jan. 1, 2019, the Ohio Police & Fire Pension Fund (OP&F) ended its self-insured retiree health care plan design through UnitedHealthcare (UHC) and transitioned to a new stipend based model by partnering with the Aon Retiree Health Exchange. Under the new model, eligible benefit recipients receive a monthly stipend through a Health Reimbursement Arrangement (HRA) to use towards the purchase of major medical health care plans and other eligible expenses. Medicare eligible retirees must choose either a medical or prescription drug plan through Aon Retiree Health Exchange in order to continue to be eligible for the stipend from OP&F. The Aon Retiree Health Exchange offers greater choice and affordability for participants to make personalized buying decisions based on their current medical and prescription needs. There are numerous options available in this mature Marketplace, which offers relatively low out of pocket expenses.

Pre-Medicare eligible retirees were able to choose an individual or family major medical health care plan through Aon\eHealth, Healthcare.gov, COBRA, Tricare or any independent broker. If the member chooses a plan outside of eHealth the plan must be a major medical plan and include the ten essential benefits and prescription drug coverage as well. These major medical plans offer greater flexibility because there are different levels of coverage that allow for lower premiums and higher out-of-pocket costs or higher premiums with lower out-of-pocket costs. OP&F used the 2019 transition experiences and retiree feedback to implement meaningful plan improvements to assist in fine tuning the open enrollment process of 2020 for both Medicare and non-Medicare participants. Aon's on-site office in Columbus located in the same building as OP&F headquarters was manned with 6-8 full time associates with whom assisted OP&F retirees with their health care insurance questions and enrollments up through March 2020 until the pandemic began. Even with the temporary closing at the OP&F site, Aon was able to continue to service OP&F members virtually and/or via conference call throughout 2020 with little disruption.

Also in 2020, pre-Medicare retirees who were eligible to enroll in a plan with Aon for 2019, but elected not to enroll, were given a second chance to become eligible for the stipend in 2020, and approximately 141 retirees took advantage of this opportunity by making application and providing proof of coverage into an individual or family major medical health care plan through Aon\eHealth, Healthcare.gov, COBRA, Tricare or any independent broker.

In 2020, Aon added health care plans from CareSource and AultCare available through Aon for the pre-Medicare population. Along with these additions, they added the James Cancer Hospital and Nationwide Children's Hospital, both in Columbus, and both in the CareSource network.

Tricare, the health care program for current and former uniformed military members, was added to the list of 2020 eligible expenses for premiums and other allowable healthcare expenses for HRA reimbursement.

The decision to change from a self-funded model to a stipend based model continues to have a positive effect by extending the life of the health care stabilization fund (HCSF). The most recent actuarial study conducted as of Jan. 1, 2020 found that implementation of the new stipend model increased the health care fund's solvency to 18 years and 6 months. This allows OP&F time to continue offering retirees this elective benefit while extending the period of time available to work with members and key stakeholders to address the longer-term solvency of the health care fund for the next generation of retirees.

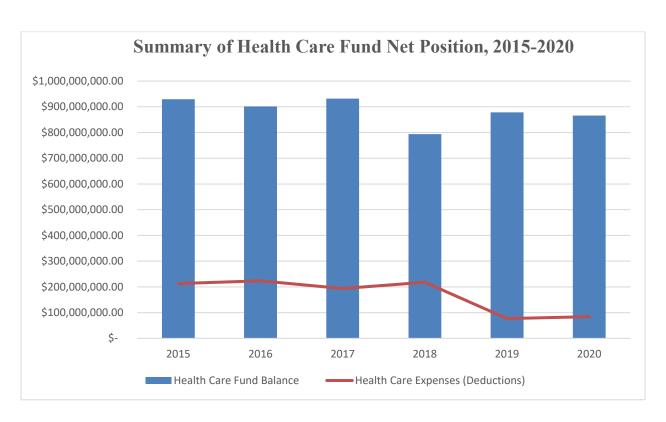

The HCSF balance was \$881,584,417 as of Dec. 31, 2020, an increase of approximately 0.3 percent or \$2,895,420 from 2019, primarily due to investment income allocations which were offset slightly by lower retiree drug subsidies provided by the Centers for Medicare & Medicaid Services. Employer contributions, expressed as a percentage of payroll (0.5 percent from Jan. 1, 2020 to Dec. 31, 2020) provided additional funding. Rebates and recoveries received in 2020 were minimal due to the termination of OP&F's contract with UHC as of June 30, 2019. Investment earnings generated \$74,728,819 in revenue allocated to fund health care.

Changes to the Public Safety Officer's death fund were enacted effective Jan. 1, 2019, which permanently expanded benefits paid to death fund benefit recipients and allowed them to participate in the same pre-Medicare health care programs offered to State employees through the Ohio Department of Administrative Services (DAS). As of December 2020, 136 death fund benefit recipients had enrolled in health care with the State. Death fund benefit recipients may enroll in either the State's health care plan or the OP&F stipend program, but they may not be enrolled in both. Loss of the State's health care plan due to Medicare eligibility is a qualifying life event for death fund benefit recipients to enroll in OP&F's stipend program.

### **Financial Information**

Income	Expenditures	Net Position	Solvency Period	Employer Allocation
\$ 563,964	\$ (84,249,181)	\$ 881,584,417	2038	0.5%

2018	\$ 793,785,996	\$ (217,862,957)	\$ 96,603,030
2019	\$ 878,688,997	\$ (76,826,595)	\$ 20,170,574
2020	\$ 881,584,417	\$ (84,249,181)	\$ 563,964

### **OP&F Health Care Program**

In 2020, OP&F had an average of 13,357 Medicare enrolled members, which includes retirees and surviving spouses over the age of 65, and those eligible for early Medicare. Medicare participants are able to retain their existing plan each year (if offered) or select a new plan annually through Aon during the open enrollment period. Medicare participants may choose from more than 100 national and regional insurance carriers, which includes many Medicare Advantage, Medicare Supplement and prescription drug plans.

OP&F had an average of 4,748 Pre-Medicare enrolled members, which includes retirees and surviving spouses under the age of 65. Pre-Medicare retirees were able to select the best individual or family plan through the individual Marketplace that best fit their family's needs, including the network of providers and level of coverage. Most of the health care plans in the Marketplace were HMO plans and included the ten essential benefits and prescription drug coverage.

The stipend provided to an eligible retiree is based on their Medicare status and the status of the eligible dependents enrolled. Because many retirees have a split family status between Medicare and pre-Medicare, the average cost per participant, listed on page 5, is based on the stipend status of the eligible retiree as of Jan. 1, 2020. Stipend levels are in place for three years from Jan. 1, 2019 through Dec. 31, 2021.

# ICE 2019 OP&F Retiree Health Care Plan Monthly Stipend levels (updated 8/8/2018)

	Medicare Retiree	: Status Spouse	Monthly Medical/Rx Stipend	Monthly Medicare Part B Reimbursement	Total OP&F Monthly Support for Health Care
Retiree only:	Medicare Non-Medicare	Spouse	\$143 \$685	\$107 \$0	\$250 \$685
Retiree + Spouse:	Medicare Medicare Non-Medicare Non-Medicare	Medicare Non-Medicare Medicare Non-Medicare	\$239 \$525 \$788 \$1,074	\$107 \$107 \$0 \$0	\$346 \$632 \$788 \$1,074
Retiree + Dependent(s):	Medicare Non-Medicare		\$203 \$865	\$107 \$0	\$310 \$865
Retiree + Spouse + Dependent(s)	Medicare Non-Medicare	Either Medicare or Non-Medicare Either Medicare or Non-Medicare	\$525 \$1,074	\$107 \$0	\$632 \$1,074
Surviving Spouse:	Medicare Non-Medicare		\$143 \$685	\$107 \$0	\$250 \$685

<sup>\*</sup>The OP&F Medicare Part B reimbursement is an ongoing benefit that has been in place for many years, but should be included in the support provided for health care coverage. The Med B reimbursement is added to a member's monthly pension benefit.

# **Supplemental Drug List (by request)**

No requests for 2020.

### **Health Care Future - 2021**

The OP&F Board of Trustees implemented several meaningful plan improvements in 2020 for the retiree health care plan based on the experiences of retirees from the previous plan year and feedback from members. In 2020, the architecture of the pre-Medicare program moved from a closed HRA to an open HRA allowing current and future retirees the freedom to enroll in a qualified individual or family plan through Aon/eHealth, Healthcare.gov, COBRA, Tricare or any independent broker.

In 2021, Aon will continue to provide an on-site office in Columbus staffed with associates dedicated to assisting OP&F members with their insurance needs. Aon also maintains a website and toll free phone number for OP&F members, and conducts annual enrollment seminars to assist retirees with questions or possible plan changes for the following year. Due to the unexpected pandemic in 2020 the annual enrollment seminars were virtually presented to our retirees. These virtual seminars provided updated information to our retirees and was well received by our members who attended. Future virtual seminars are under discussion which will allow for higher volume of members to join who may be physically unable to attend otherwise.

OP&F will continue to search for ways to make the retiree health care plan the best it can be, yet preserve it for as long as possible by monitoring impacts to the Health Care Stabilization Fund. OP&F will review the fixed dollar stipends provided to our retirees to ensure it continues to provide meaningful support to our members based on changes in health care premium costs in the marketplace along with annual actuarial analysis to strive to maintain a 15-year solvency period for the next generation of retirees.

### **Supplementary Statutory Requirements**

### 1. Statutory Authority for Health Care Benefits

§ 742.45. Deduction from benefit payment for group health insurance

(A) The Board of Trustees of the Ohio police and fire pension fund may enter into an agreement with insurance companies, health insuring corporations, or government agencies authorized to do business in the state for issuance of a policy or contract of health, medical, hospital, or surgical benefits, or any combination thereof, for those individuals receiving service or disability pensions or survivor benefits subscribing to the plan. Notwithstanding any other provision of this chapter, the policy or contract may also include coverage for any eligible individual's spouse and dependent children and for any of the eligible individual's sponsored dependents as the Board considers appropriate.

If all or any portion of the policy or contract premium is to be paid by any individual receiving a service, disability, or survivor pension or benefit, the individual shall, by written authorization, instruct the Board to deduct from the individual's benefit the premium agreed to be paid by the individual to the company, corporation, or agency.

The Board may contract for coverage on the basis of part or all of the cost of the coverage to be paid from appropriate funds of the Ohio police and fire pension fund. The cost paid from the funds of the Ohio police and fire pension fund shall be included in the employer's contribution rates provided by sections 742.33 and 742.34 of the Revised Code.

The Board may provide for self-insurance of risk or level of risk as set forth in the contract with the companies, corporations, or agencies, and may provide through the self-insurance method specific benefits as authorized by the rules of the Board.

(B) Except as otherwise provided in this division, the Board shall, beginning the month following receipt of satisfactory evidence of the payment for coverage, pay monthly to each recipient of service, disability, or survivor benefits under the Ohio police and fire pension fund who is eligible for coverage under part B of the Medicare program established under Title XVIII of "The Social Security Amendments of 1965," 79 Stat. 301, 42 U.S.C.A. 1395j, as amended, an amount specified by the Board or determined pursuant to a formula established by the Board that is not less than ninety-six dollars and forty cents, for such coverage, except that the Board shall not pay an amount that exceeds the amount paid by the recipient for the coverage.

The Board shall pay not more than one monthly premium under this division to an eligible benefit recipient even if the recipient is receiving more than one monthly benefit from the fund. The Board shall not pay a monthly premium under this division to an eligible benefit recipient who is receiving reimbursement for the premium from any other source.

- (C) The Board shall establish by rule requirements for the coordination of any coverage, payment, or benefit provided under this section with any similar coverage, payment, or benefit made available to the same individual by the public employees retirement system, state teachers retirement system, school employees retirement system, or state highway patrol retirement system.
- (D) The Board shall make all other necessary rules pursuant to the purpose and intent of this section.

### 2. Summary of OP&F Stipend Model

	Medicare	e Status	Monthly Medical/Rx	Monthly Medicare Part B	Total OP&F Monthly Support
	Retiree	Spouse	Stipend	Reimbursement	for Health Care
Retiree only:	Medicare Non-Medicare		\$143 \$685	\$107 \$0	\$250 \$685
Retiree + Spouse:	Medicare Medicare Non-Medicare Non-Medicare	Medicare Non-Medicare Medicare Non-Medicare	\$239 \$525 \$788 \$1,074	\$107 \$107 \$0 \$0	\$346 \$632 \$788 \$1,074
Retiree + Dependent(s):	Medicare Non-Medicare		\$203 \$865	\$107 \$0	\$310 \$865
Retiree + Spouse + Dependent(s)	Medicare Non-Medicare	Either Medicare or Non-Medicare Either Medicare or Non-Medicare	\$525 \$1,074	\$107 \$0	\$632 \$1,074
Surviving Spouse:	Medicare Non-Medicare		\$143 \$685	\$107 \$0	\$250 \$685

<sup>\*</sup>The OP&F Medicare Part B reimbursement is an ongoing benefit that has been in place for many years, but should be included in the support provided for health care coverage. The Med B reimbursement is added to a member's monthly pension benefit.

### 3. 2020 Health Care Stipend Program Eligibility

Retirees and survivors who receive a statutory survivor benefit may qualify to participate in the OP&F health care stipend program if they are eligible according to the terms of the health care guidelines.

### Benefit recipient eligibility guidelines

Generally, a benefit recipient is defined as an OP&F retiree who is receiving a service retirement or disability benefit, a surviving spouse, or dependent parent who is receiving statutory survivor benefits from OP&F.

#### Retiree

An OP&F member who is receiving a service retirement or disability benefit from OP&F is eligible to participate in the health care stipend program unless they have access to another group health care plan. The retiree must become enrolled in a new plan within 60 days of involuntarily losing access to the employer's plan or group healthcare. Otherwise, a Qualifying Life Event, or QLE, must occur to establish eligibility.

### Surviving spouse

Upon the effective date of the statutory survivor benefits, a surviving spouse who receives a statutory survivor benefit from OP&F is eligible to participate in the OP&F health care stipend program except when the following apply:

- The surviving spouse is participating in or waived health care coverage through another Ohio retirement system;
- The surviving spouse has access to another group health care plan;
- OP&F does not receive the Survivor Health Care Eligibility and Enrollment form within 60 days.
- The survivor does not become enrolled in a plan within 60-days of the QLE.

Once the required information is received for an eligible surviving spouse, he or she will continue to participate in OP&F's health care stipend program and will receive the balance of the retiree's HRA in the year of the retiree's death. The following year, a surviving spouse will have an individual HRA. If the surviving spouse remarries, the new spouse and any child born to the surviving spouse after the OP&F member's death are not eligible for coverage. The surviving spouse will not receive an increased stipend for a dependent even if the OP&F member was the child's parent.

### Dependent Eligibility Guidelines

### Spouse

A retired member may be eligible to receive additional stipend support for a spouse who is not eligible to enroll in an employer sponsored health plan and is not eligible for health care coverage through another Ohio retirement system.

#### Child

A retired member may be eligible to receive additional stipend support for a child if the child meets the following criteria:

- A child must be the retiree's natural child or have been legally adopted by the retiree;
- A child who is up to 26 years of age or younger;
- A child is not eligible to enroll in an employer-sponsored health plan.

### Surviving child/orphan

A child who is receiving a statutory survivor benefit from OP&F is not eligible for the OP&F stipend health care program.

### Dependent parent

A dependent parent as described in the Ohio Revised Code Section 742, may be eligible for the OP&F health care stipend program.

### 4. Participants Eligible for Benefits

As of Dec. 31, 2020, OP&F had 27,954 benefit recipients (including retirees and survivors) whom were eligible for the health care stipend program. Of those, approximately 65.9 percent participated.

### 5. Accounting, Asset Valuation and Funding Methods

### 1. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by OP&F.

#### Basis of Accounting:

OP&F's financial statements have been prepared using the accrual basis of accounting. Revenues are recognized when earned and expenses are recorded when a liability is incurred.

#### Investments:

Investment purchases and sales are recorded on a trade date basis. Dividend income is recognized on the dividend date, while interest and rental income is recognized when earned. Investments are reported at fair value. Securities traded on a national or international exchange, are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal payments discounted at prevailing interest rates for similar instruments. The fair value of real estate and timber are based on independent appraisals and internal valuations. Investments that do not have an established market are reported at estimated fair value. Private equity limited partnership interest is based on values established by each partnership's valuation committees.

Net appreciation is determined by calculating the change in the fair value of investments between the end of the year and the beginning of the year, less the cost of investments purchased, plus sales of investments at fair value. Investment expense consists of administrative expenses directly related to OP&F's investment operations and a proportional amount of all other administrative expenses allocated based on the ratio of OP&F's investment staff to total OP&F staff. OP&F has no individual investment that exceeds five percent of net assets available for benefits.

#### Federal Income Tax Status:

OP&F was determined to be a trust under section 401(a) of the Internal Revenue Code that is exempt from federal income taxes under section 501(a) of the Internal Revenue Code. OP&F's DROP plan was also determined to be part of the 401(a) trust.

### *Property and Equipment:*

Property and equipment are recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets. The range of estimated useful lives is as follows:

Buildings and improvements 40 years

Furniture and equipment 3 to 10 years

Computer software and hardware 2 to 10 years

### Contributions and Benefits:

Employer and Member contributions are recognized when due or in the period the related member salaries are earned. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

#### 2. Asset Valuation Method

The difference between actual market value and expected market value is recognized over five years (20 percent per year). The actuarial value is the market value adjusted by the total unrecognized gains or losses incurred during the five year period.

### 3. Funding Method

Health care benefits are funded on a pay-as-you-go basis. This fund is credited with a portion of employer contributions equal to 0.5 percent of active member payroll from Jan. 1, 2020 to Dec. 31, 2020; all benefit recipient health care contributions, as well as an equal share of investment income to the balance of the HCSF. The HCSF is charged with all health care expenses and administrative costs. As of Dec. 31, 2020, the balance in the HCSF was \$881,584,417.

# 9. Description of Significant Changes Affecting the Comparability of the Report Required Under this division

Although the report is required to be submitted triennially, a courtesy copy is being provided for plan year 2020 for informational purposes.

### 10. Medicare Part B Reimbursement

Upon enrollment in Medicare Part B, benefit recipients are eligible for reimbursement of a portion of their Medicare Part B premium through OP&F (as required by ORC Section 742.45 (B)), if they are not receiving reimbursement from another source. In 2020, OP&F paid more than \$20 million in Medicare B reimbursements, on average, 15,599 participants received \$107 per member, per month.
